Why We Choose Brass?

Quality Isn't A Promise At LrAutomation -it's Our Foundation. We Use Solid Brass To Create Switch Panels That Offer A Tactile Richness Ordinary Materials Can't Match. Engineered And Manufactured In-house In India, Our Brass Series Meets Elite European Design Standards, Delivering A World-class Blend Of Durability And Timeless Elegance.

Precision Design

Our Products Are Defined By An Uncompromising Approach To Detail, Where Design Is Guided By Accuracy, Proportion, And Purpose. Every Element Is Carefully Considered To Achieve Perfect Alignment, Seamless Integration, And A Refined Visual Balance. Constantly Evolving With Advancements In Architecture, Lighting, And Intelligent Living, We Refine Our Designs To Meet The Expectations Of Modern Spaces. This Commitment To Precision And Progress Allows Us To Consistently Deliver Beyond Conventional Standards, Setting A New Benchmark In Design Excellence.

Handcrafted Excellence

Each Piece Is Meticulously Handcrafted From Solid Brass, Where Skilled Artisans Shape, Refine, And Perfect Every Detail By Hand. From Raw Material To Final Finish, The Process Is Slow, Deliberate, And Uncompromising — Resulting In A Surface Rich In Depth, Character, And True Luxury.

Vintage Finish

The Antique Series Is An Architectural Statement Designed For The Most Discerning Eyes. Each Panel Is A Masterclass In Texture, Featuring A Hand-treated Patina That Transforms The Functional Into The Sculptural. For The Interior Designer Seeking To Bridge The Gap

Between Heritage And Modern Minimalism, This Ultra-premium Metal Finish Offers A Soulful, Tactile Depth That Complements Bespoke Spaces. It Is More Than A Switch; It Is The Final, Essential Detail That Elevates A Luxury Residence From A Project To A Curated Masterpiece.

Modern Finish

The Modern Series Tells The Story Of Technology Finding Its Soul. It Begins With A Single Block Of Solid Metal, Precision-machined To Achieve A Flawless, Minimalist Silhouette That Speaks The Silent Language Of Modern Architecture. In This Narrative, The Cold Efficiency Of Smart Home Control Is Replaced By A Warm, Tactile Dialogue.

The Center Of The Story Is The Intuitive Glass Dial—a Digital Heart That Responds To The Slightest Touch, Allowing Light And Atmosphere To Flow Through The Room Like Music. For The Architect And Designer, It Is The Bridge Between Raw Material And Intelligent Living, Turning A Functional Necessity Into A Curated Art Piece That Defines The Future Of Luxury.

Glossy Finish

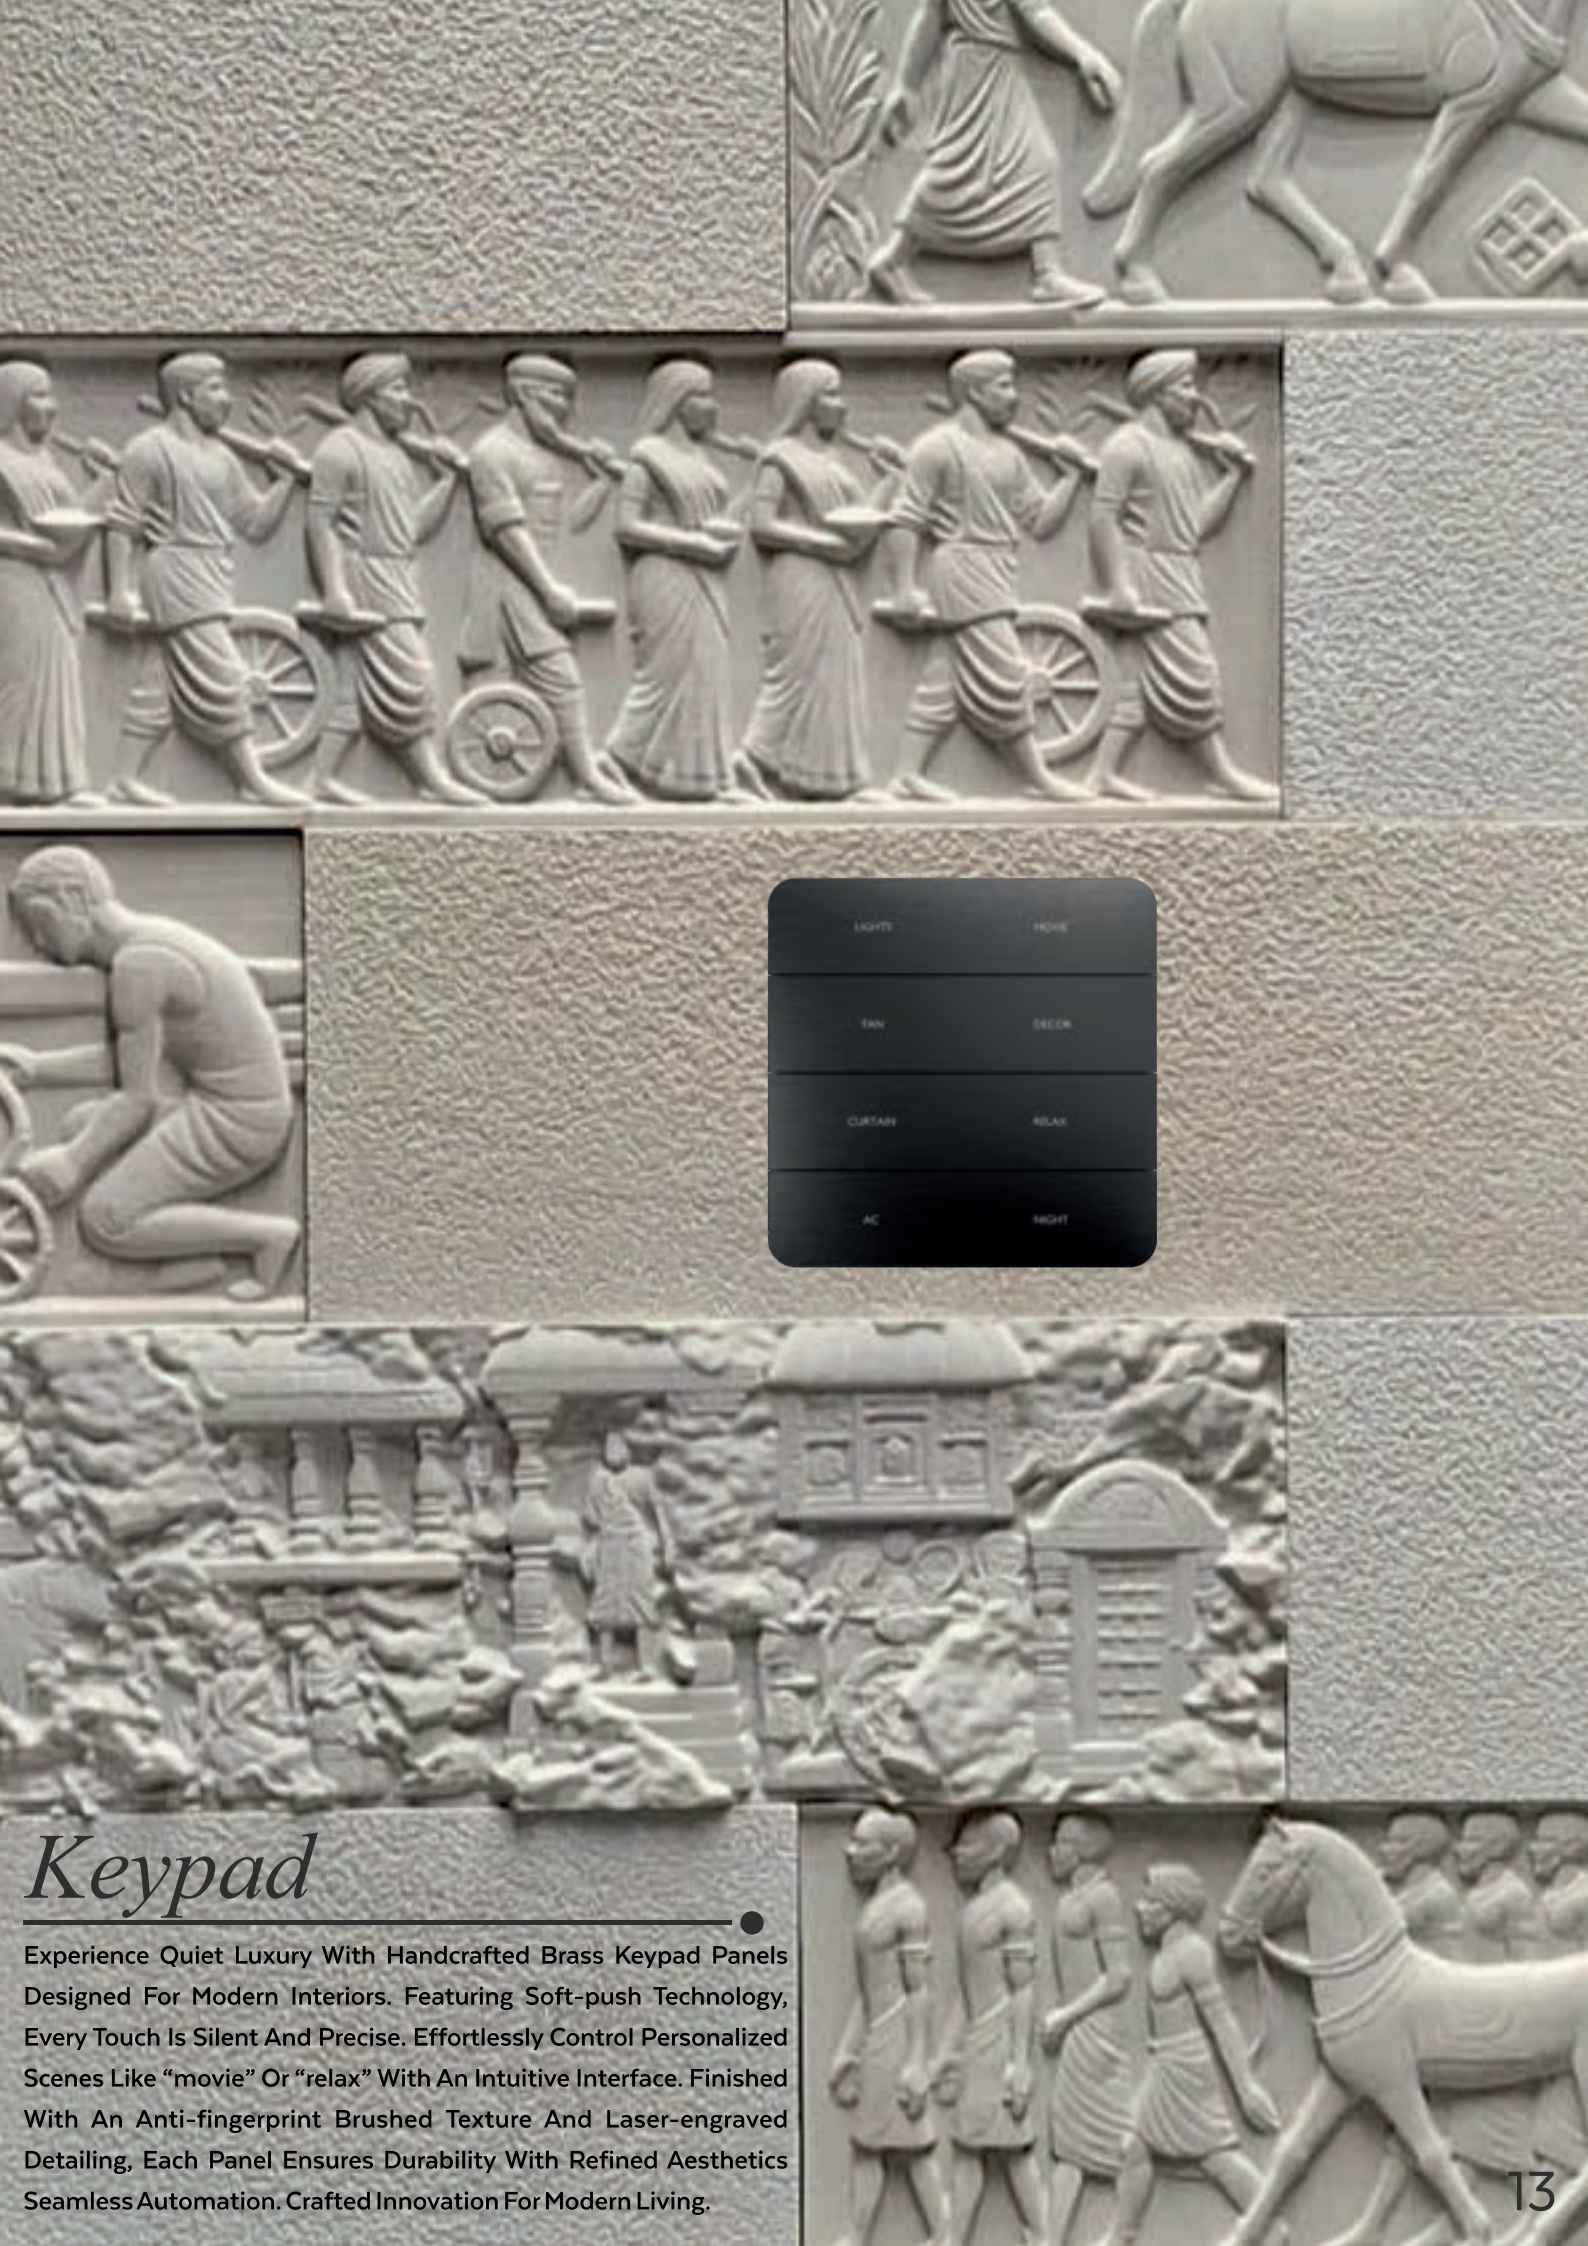

The Glossy Series Tells The Story Of Light In Its Purest Form. It Begins With A Quest For Absolute Clarity, Where Solid Surfaces Are Polished To A Mirror-like Brilliance That Captures Every Reflection And Shadow Within A Room. In This Narrative, The Switch Becomes A Fluid Element Of The Architecture,

A High-gloss Focal Point That Dances With The Ambient Lighting. For The Designer, It Represents The Pinnacle Of Modern Glamour—a Sleek, Liquid-smooth Interface That Feels Both Expansive And Impeccably Refined. It Is A Story Of Flawless Perfection, Designed To Bring A Sophisticated, High-end Shimmer To The Most Avant-garde Interiors

BATMAN

Likes a Luxora Switches

Keypad

Experience Quiet Luxury With Handcrafted Brass Keypad Panels Designed For Modern Interiors. Featuring Soft-push Technology, Every Touch Is Silent And Precise. Effortlessly Control Personalized Scenes Like “movie” Or “relax” With An Intuitive Interface. Finished With An Anti-fingerprint Brushed Texture And Laser-engraved Detailing, Each Panel Ensures Durability With Refined Aesthetics Seamless Automation. Crafted Innovation For Modern Living.

Knob

The Dimmer Series celebrates the timeless ritual of creating atmosphere through touch. Inspired by the tactile precision of high-end instrumentation, this collection replaces digital coldness with the deep satisfaction of a physical dial. Each knob is a masterclass in craftsmanship, featuring a signature knurled texture that offers an exceptional grip and an authentic, mechanical feel. For the architect and designer, it is the ultimate tool to infuse a contemporary vintage soul into modern spaces—turning the simple act of dimming into a sophisticated, sensory experience.

Haptic Push

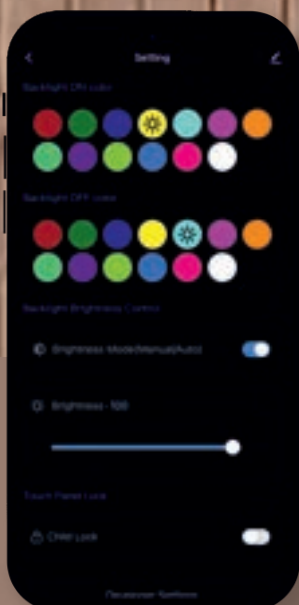

Experience a defined tactile response with a choice of precise Hard Push or smooth Soft Push. Engineered for a personalized, ultra-premium feel, enhanced by customizable switch backlit color variants for a complete sensory experience.

Customs Icons As per Need

The offers an architectural canvas where every button tells a story. Choose between precision-etched icons, elegant typography, or a hybrid of both, laser-engraved directly into the solid metal. This deep level of customization allows architects and designers to create a truly intuitive, tailor-made interface that perfectly aligns with the function and aesthetic of a luxury interior.
